EPOS
European Paediatric Orthopaedic Society

Welcome

We look forward to welcoming you to the 43rd Annual Meeting of the European Paediatric Orthopaedic Society, which will take place from 2-4 April 2025, in the beautiful city of Toulouse, France, at the unique Pierre Baudis Congress Center.

Toulouse, known as "La Ville Rose" (The Pink City), is renowned for its unique architecture, vibrant culture, and rich history. It's the global capital of the aeronautics industry and a hub for innovation. With its well-preserved historic sites, UNESCO World Heritage sites, and a lively cultural scene, there is plenty to explore.

The EPOS Annual Meeting is a unique platform for exchanging knowledge and networking with fellow experts from around the world. The programme will feature keynote presentations, study group sessions, free paper sessions, and industry symposia.

Join us next year for a congress that combines cutting-edge research within paediatric orthopaedics with the charm of one of France's most historic cities.

See you in Toulouse!

Best regards,

Franck Accadbled
